

December 2019

TO: Participants who hold a Designation from RICS

FROM: Larisa Phillips, Director of Education & Meetings

RE: The Counselors of Real Estate 2019 Annual Convention: Nashville, Tennessee
Applying for CE Credit to the Appraisal Institute

This is continuing education information for those Nashville Annual Convention attendees who also hold a designation from RICS and attended the November 6-9, 2019 conference.

By December 31, 2019, RICS requires its members to log 20 hours of CPD (continuing education credit hours) annually of which 10 hours must be “formal” CPD. For further information, please go to rics.org/cpd. The RICS continuing professional development requirement expects the professional to determine if the activity he/she attends is relevant to the profession. If it is relevant, you can upload the information to your RICS record. Please note that RICS member CPD records are subject to review by RICS to ensure quality and relevance.

RICS members can register online at rics.org/cpdrecord to activate their CPD record. (You can use your standard RICS online log-in information.)

Please direct any inquiries as to this process to Yolande Penn, Compliance Manager, RICS Americas at regulationamericas@rics.org or 646-442-4436.

If you have any questions about the Annual Convention or the certificate of completion, please contact Larisa Phillips – Lphillips@cre.org or 312-329-8422.

Thank you!

Larisa
