Practitioner Consulting Projects and Assignments

Corporate real estate services on closed plant sites, corporate headquarters, excess properties, and new marketing strategies for underproductive real estate assets for **Agilent, Berkshire Hathaway, Bumblebee, Cal-Maine Foods, Cenveo, Thomas Jefferson University, Patriarch Partners, Sun Capital Partners (see link below), Carlyle**, and other public companies, private equity firms, governments, universities, healthcare systems, and non-profits.

<https://www.dropbox.com/s/fhtj77ua1aoq9ut/Former%20Dallas%20Cowboy%20Emmitt%20Smith%20asking%20Pa.%20for%20%2414M%20to%20build%20techie%20office%20park%20in%20Manayunk.pdf?dl=0>

Provided **MBNA America** with site selection, valuations and counseling on properties throughout the US, Canada and Europe, and community development in Corp. HQ city.

<https://www.nytimes.com/1999/04/11/realestate/wilmington-del-to-renew-a-key-historic-area.html>

Provided **Glatfelter Pulp Wood Company** with valuations and counseling on properties throughout Delaware, Pennsylvania, and Virginia. The counseling assignment led to being retained for the strategic disposition of 17,000 acres of HBU land in Delaware, 40,000 acres in Pennsylvania, 20,000 acres in Virginia over a three year period. We prepared the RFP and marketing packages, managed the bid and acceptance process, and provided strategic input on taking the best offers and negotiating for the highest return for the client.

Represented **Sargent & Lundy** (an engineering firm specializing in nuclear power plant design and construction), with the relocation and occupancy of their new 45,000 square foot regional corporate offices in Wilmington, Delaware. Our services included strategic planning and analysis of their space needs, negotiations with landlords in Class A buildings through an RFP process, negotiating an economic incentive package with the City of Wilmington for their retention, and providing ongoing services on expansion of space in the future.

Counseled **Artesian Water Company** on regional corporate real estate initiatives; including the establishment of new service areas in emerging market areas, monetization of excess real estate assets, and analysis of strategic options for their corporate headquarters building.

Advised several large land developers and builders in **Sussex County, Delaware** on issues relating to the market slowdown for residential projects, financing negotiations and workout consulting as a liaison between the developers and banks, introducing them to new capital partners, branding and marketing strategies design to create new momentum and financial results given the current market conditions (ie., fractional ownership), and day-to-day input on issues that arise out of the rapidly changing market conditions.

Consulted with **Thomas Jefferson University** on real estate initiatives that generated significant real estate cost savings, including the sale of their residence hall portfolio and space optimization studies for the University going forward. We also help to identify opportunity areas for process improvement that reduced operating costs and enhanced their bottom line.

<https://www.dropbox.com/s/iib5cyyazvyt6c2/TJU-Victory-Bldg-article.pdf?dl=0>

Completed a management consulting and strategic planning study for **PECO Energy (Exelon)** relating to optimizing the management of excess real estate assets. Assessed their current process for handling excess non-regulated assets and made recommendations to improve internal processes and lower the annual carrying costs for the real estate department .

Advised **Hercules, Inc.** on property disposition strategy for certain excess real estate assets, including a country club and undeveloped commercial and residential land. We also provided advise on subdivision, zoning and pending condemnation issues.

Provided counseling to **Conectiv Energy** in conjunction with optimizing their unregulated real estate portfolio. Our involvement included providing shareholder value ideas such as sale/leasebacks, cost reduction strategies, benchmarking and post merger integration models to generate earnings benefit to the company from it's non-core real estate assets.

Completed pre-announcement plant consolidation studies for **Johnson & Johnson** on locations in Mexico, the Caribbean and ten states within the United States. The studies involved valuing properties, evaluating their adaptability to alternate use and creating strategies for future disposition.

Advised **Comcast Corporation** on a myriad of corporate real estate initiatives including energy deregulation strategies, cable system power delivery reliability, remote status monitoring of the cable system, other cost reduction and merger integration ideas for their geographic clusters of real estate.

Advised **Wawa Food Markets** to undertake a professional review of energy consumption patterns and historical energy usage for their 500+ convenience store chain based in the Delaware Valley. Our recommendations led to a renegotiation of electricity rates and significant energy cost reductions. We also provided advice and guidance on new site locations, sale-leaseback opportunities, and private REIT alternatives.

Consulted with **University of Pennsylvania** in planning and assessing the development potential of key properties within the core campus including the Sansom Commons and Penn Inn projects. Services included a hospitality feasibility and market analysis, creating an RFP process to implement the development plans, and recommendations for retaining engineering, architectural and project management professionals.

From 1994 to 2002, we served as strategic advisor to **Wilmington Renaissance Corporation** (WRC) in revitalizing large blocks of downtown Wilmington through a public/private redevelopment partnership between the private sector and City of Wilmington. We have provided acquisition counseling, financing placements, branding and marketing strategies to enhance the Ship's Tavern/LOMA redevelopment project.

Analyzed the recurring and non-recurring real estate occupancy costs for **IKON Office Solutions**, which was undergoing a global business re-engineering. Tasks included financial models and benchmarking to track the shareholder value impact of transforming their real estate portfolio from 700 to 150 locations.

Completed a strategic overview of the real estate operations and remaining development assets for Radnor Corporation, the real estate subsidiary of **Sun Company**. Developed exit strategies for various assets in Florida, California, Arizona, and New Jersey.

Provided counseling advice to **Amerisource** on the expansion of their existing facility in southern New Jersey and consolidation of several company facilities. Created financial models and benchmarking to measure future real estate cost savings from the consolidation.

Created a marketing strategy for **Hercules, Incorporated** on their Kenil, New Jersey and Hercules, California sites, which are listed on the national Superfund list. The strategy involved analyzing the future highest and best use of the properties, the timing of environmental clean-up and the phasing of potential land sales, and values to be realized after the remediation.
<https://www.nj.com/morris/2014/09/long-vacant-hercules-plant-site-could-get-transit-village-warehouses.html>

Provided expert reports, analysis, and witness testimony on the marketability and re-leasing of the **One Meridian Plaza** building in Philadelphia, which was destroyed in a major fire in 1991. Completed a national market survey on potential stigma, and a hedonic modeling study on the repair plan proposed by the insurance company as compared to the owner's plan. <https://www.businessinsurance.com/article/19970330/story/10007260/meridian-owner,-insurer-settle-fire-claim-dispute>
