

PETER T. LACY, President  
CRE, CCIM, LEED AP

Peter Lacy joined Lacy & Company in 1992 and has served as its President since 1997. His experience includes management of major construction and renovation projects in Kansas City, real property sales and acquisitions, office leasing and construction loan consulting. His wide range of experience places him at the forefront of Kansas City real estate professionals, and he is one of only a handful of members of The Counselors of Real Estate (CRE) in the metropolitan area.

The Barstow School  
Board of Trustees 2009-2020  
Chairman 2015-2017

Under Peter's leadership, Lacy & Company pioneered the field of Owner Representation in Kansas City, and has assisted clients with over \$675 million in construction including Educational, Office, Medical, Museum, Zoo, and Library projects.

Peter handles Lacy & Company's Owner Representation assignments personally, and only takes on 3 to 4 major projects at a time. This approach allows Lacy & Company to provide the best level of service possible to clients.

Some of the highlights of Peter's career are his work as the Owner's Representative for Saint Luke's South Hospital Campus, University Academy Charter School, and the Bloch Building expansion and renovations at the Nelson-Atkins Museum of Art. Recent Owner Representation engagements include the Elephant Exhibit at the Kansas City Zoo, and the redevelopment of multiple office and commercial properties in the historic Crossroads Arts District in Kansas City.
